

# Lab: Generative AI for Storytelling

Estimated time needed: 30 minutes

## Learning objectives

After completing this lab, you will be able to:

- Sign up in Zoho Analytics and upload a dataset
- Generate a report by prompting Zia AI

Welcome to the lab on **Generative AI for Storytelling**!

## Overview

In this lab, you will learn how to use Generative AI to prepare a report for your data using charts and insights.

To begin, you need to create your login on the [Zoho Analytics website](https://www.zoho.com/analytics/) page.

### Task 1: Sign up in Zoho Analytics

**Step 1:** Click [www.zoho.com/analytics/](https://www.zoho.com/analytics/)

**Step 2:** Fill in the required information and click the SIGN UP FOR FREE button.

Note: You can sign up for Zoho Analytics using various options such as Google, LinkedIn, or a Zoho email account. The platform offers a 15-day free trial without requiring any credit card details.

Step 1 of 2: Import Your Data

Import data from Excel, CSV, HTML, XML, JSON, Statistical & MS Access files

Workspace Name\* (?)

Workspace - 1

Description

File Type

CSV,TSV & Other Text Format

Data Location

☒ Local Drive ☐ Pasted Data ☐ FTP

File\*

Choose File No file Selected

(Supported file formats: .CSV, .TSV and other text files)

Note:

- For other file formats, Choose the corresponding 'File Type' option above.
- For large size CSV or TSV or Text file, we recommend to zip it and upload.
- Zippped CSV, TSV or Text file should contain only one file in it.

Cancel

Next

General Info:

Data size should be less than 100 MB and number of rows should be less than 1 Million

To Upload more, use our Databridge, provide data in CSV or TSV text file formats

Contact support@zohoanalytics.com for assistance

?

**Step 4:** Select and upload the electronics\_dataset.csv file. Now, click **Next**.

Step 2: Enter the following prompts one by one in the Zia AI prompt bar and generate all the charts through Zia.

Prompt 1:

Show a line chart of total revenue grouped by month using the Order Date column.

## Sample output

You can click **Zia insights** icon on the top-right corner to see the detailed insights of the generated chart as shown below.

### Sample output

**Prompt 2:**

Create a bar chart of the top 10 products by total revenue.

### Sample output

Prompt 3:

Create a pie chart showing each product's contribution to total revenue.

Sample output

Prompt 4:

Create a pivot table with product name, total quantity ordered, and total revenue.

## Sample output

Step 3: After generating all charts go to **Dashboard** and select **Create new Dashboard**

Step 4: Drag and drop the dataset in the report section.

**Step 5:** Click **Save**, enter the dashboard name, and click **Ok** to save the dashboard.

#### Task 4: Finalizing the charts to be used in the report

**Step 1:** Go back to Zia, save, and add the charts to the dashboard one by one that you created earlier.

Repeat the same step to add the other charts to the dashboard.

Step 2: Once the charts are added, go to the dashboard to find the charts that you have added.

## Task 5: Saving and sharing the report

Step 1: Go to the **View Mode**.

Step 2: To export the dashboard, click **Export** and select the appropriate option to download the dashboard.

The screenshot shows a dashboard titled "Generative AI Report" with a sidebar on the left containing navigation options: Home, Workspace - 1, Ask Zia, Reports, Explorer, Elements, Dashboards, Widget, Reports, Data, Ask Zia, More, Viewer, and Grid. The main content area displays a table titled "Total Quantity Ordered grouped by Product".

|    | Product             | Total Quantity Ordered |
|----|---------------------|------------------------|
| 1  | Chair               | 16                     |
| 2  | Desk                | 12                     |
| 3  | External Hard Drive | 10                     |
| 4  | Headphones          | 10                     |
| 5  | Keyboard            | 10                     |
| 6  | Laptop              | 10                     |
| 7  | Monitor             | 10                     |
| 8  | Mouse               | 10                     |
| 9  | Printer             | 10                     |
| 10 | Tablet              | 10                     |
|    | Grand Total:        | 100                    |

Step 3: You can also share it with your colleagues and peers. To do so, click **Share** and then select the option as per your convenience.
